Product Description

Toro 1- or 2- Person Earth Auger Powerhead with 8" Auger Bit - 58630

The Toro 1 or 2 Person Earth Auger Powerhead and 8” Auger combination will make your next landscaping project easier than ever. Powered by a 52cc 2-cycle engine, this earth auger delivers 62-foot pound of torque that can drill through any job. The welded steel handlebars protect the engine and components on the job and in transport. This versatile machine can be easily operated by 1 or 2 people to adapt to job site conditions and user experience. The Earth Auger Combo comes complete with an 8-inch auger bit featuring a fishtail point for precision hole placement and a shock absorber to reduce the kickback when encountering large rocks and roots. The auger bit also features replaceable cutting blades to significantly extend the life of your equipment.

- One- or two-person operation
- The 52cc 2-cycle powerhead comes with an 8” auger bit to power through those tough jobs.
- Tough handlebar cage protects the entire engine and its components.
- Centrifugal clutch slips upon sudden impact to reduce the force on the user.
