Product Description

5' Elevated Blind Platform Extension - REDEXT

Redneck Blind's Elevated Blind Platform Extension is made with powder-coated bent steel to resist rusting. The platform extension is specifically designed to be used with the 10' Platform. The ladder is designed with safety in mind and features non-slip punch plates and a hand rail. Need a better vantage point from your 10' Redneck Blind, an extra 5' can make a world of difference.
