Product Description

Spartan Cargo 7x16 Enclosed Trailer 2-3500lb Axles

Spartan trailers were specifically engineered to be tough, durable, and come ready to be customized exactly how the customer needs it to be. Some of the available [options for Spartan Trailers](#) include: adding more cross members for increased strength, increasing the axle size, adding wall or floor D-mounts and E-tracks, increasing the trailer height, increasing the trailer skin thickness, and adding doors, vents, and windows. Spartan Trailers also have a host of packages for different applications such as motorcycles and racing.
